

Applicant: Bolgiano et al.
Application No.: 10/663,240

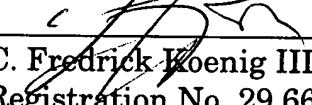

REMARKS

Corrections were made to the specification and drawings to rectify minor informalities. Applicants submit that no new matter has been introduced into the application by these amendments.

Early consideration and allowance of the pending claims is respectfully requested.

Respectfully submitted,

Bolgiano et al.

IN THE DRAWINGS

Submitted herewith for approval and entry are "replacement sheets" for the entire set of the original and previously amended drawings for Figures 1-23. The number of drawing sheets is reduced from 19 to 17. Sheet 13 contains both Figures 15 and 17. Sheet 15 contains both Figures 18 and 19. Sheet 16 contains both Figures 20 and 21. Sheet 17 contains both Figures 22 and 23.

The attached sheets of drawings include changes to Figures 8, 17, and 20. In Figure 8, the letter labels of items 812 and 818 are changed from "C" to "B". Also, the letter labels of 814 and 820 are changed from "B" to "C". In Figure 17, the text "During Call Set-up this Information is Signalling and Initialization Data" is changed to correct a spelling error. In Figure 20, the text "Figure 20" under "All Ones Vector" has been removed since it is redundant.

No substantive changes were made in Figures 1-7, 9-16, 18-19, and 21-23.
